# South West Growers Show 2011

Dear Visitor

Thank you for visiting the South West Growers Show 2011, we trust you had an enjoyable and successful event.

In order to help you get the best from the show, we have put together this Show Directory, which contains the details of all of the 2011 Exhibitors together with a brief description of what they exhibited at the show.

It is also interactive so all you need to do is click on the Exhibitors email address to open a new message to them or on their web address to be redirected to their website.

We are always looking at new ways to improve the show for both Visitors and Exhibitors and would welcome any comments or suggestions you would like to share which can be emailed to us at [admin@swgs.co.uk](mailto:admin@swgs.co.uk) or via the contact us page on our website.

We hope you find this Directory helpful and we look forward to welcoming you at the 2012 South West Growers Show!

Best Wishes from

*South West Growers Show*

Vital Earth's Award-Winning container nursery stock and bedding plant media are peat-free and composed of natural, sustainable, UK sourced materials. They are researched and tested in the laboratory and with growers. The products are based on matured and graded compost made from recycled green waste, FSC accredited processed forestry by-products and a natural slow release nitrogen source from the UK food industry meeting UK animal by-products processing regulations and PAS 100:2005.

At this year's show, Vital Earth will be showing two new products. Award-Winning Vitalizer is the first plant food to be made from recycled green waste and is the green alternative to Growmore. RSPB Multi Purpose compost is a No Peat product developed with the charity as a first in the industry.

Our 2012 offering includes some of the world's best Geraniums – the Survivor and Savannah series from RED FOX Dümmen. Following on from YPL joining with Dümmen in an agreement that Young Plants Ltd is the sole agent for the RED FOX brand in the UK, we would be pleased to present our 2012 catalogue. On display at the show this year - flowering Geraniums and plugs.
